

**Here is what our customers tell us about using the  
Maine Business & Professional Directory:**

"The Maine Business & Professional Directory CD has a robust sorting capability. I prepared a mail-out survey for business owners in Penobscot County and sorted for titles with "owner" in them. I downloaded a thousand of them into Excel, and all but eight or ten were deliverable by the postal service. I am satisfied with the currency of the list."

Bud Vassey, Director  
Dyke Center for Family Business for Husson College

"The Maine Business & Professional Directory is an invaluable resource that is utilized repeatedly by both my staff and customers coming into the Saco/Springvale CareerCenter."

Richard A. Fifield  
Manager  
Saco/Springvale CareerCenter

"We use both the Maine Business and Professional Directory publication and CD to obtain up-to-date business contacts. With the business contacts we assist current students and alumni in developing potential job leads. The Directory is a resource we truly rely on heavily and if we did not subscribe to the publication and CD our work in the Career Services Center would be much more difficult, costly, and time consuming. I would highly recommend this product to all college and university Career Services Centers as an exceptional addition to their career resource libraries."

Thomas M. Novak  
Director of Career Services  
Saint Joseph's College

"As a marketing person, the information from Tower is invaluable."
